

COVID-19 Mandatory Notification Protocol for On-hire Workforce

Title	COVID-19 Mandatory Notification Protocol for On-hire Workforce
Document Owner	RS Risk Committee
Reports	RS Senior Management Team Committee
Audience	On hire workers, apprentices and trainees working within business streams of Recruitment Solutions
Version Date	13/11/2020

The Recruitment Solutions Mandatory Notification Protocol for On-hire Workforce, has been updated on 13th November 2020 based on the Australian Department of Health Guidelines.

Anyone diagnosed with COVID-19, or contacted by a Health Department/Public Health Unit and asked to self-isolate:

- Must comply with medical & Health Department advice
- Must advise their Recruitment Solutions Manager/Supervisor IMMEDIATELY

Anyone who believes they have been in close contact (being face to face for at least 15-mins, or been in the same closed space for at least 2-hrs) with a confirmed COVID-19 positive person:

- Must advise their Recruitment Solutions Manager/Supervisor IMMEDIATELY
- Must seek medical attention for consideration of testing for COVID-19
- Must adhere to recommendations made regarding isolation or quarantine
- Must not attend work until cleared by a medical practitioner

If an employee suspects that they may be infected and are waiting on test results but cannot be isolated at home, they will need to contact the public health unit who will assess and advise on the next steps.

Anyone who is unwell and has *flu-like symptoms, whether having travelled internationally or not:

- Must contact your Recruitment Solutions Manager/Supervisor IMMEDIATELY
- Must seek medical attention for consideration of testing for COVID-19
- Provide a medical note for return to work

*flu-like symptoms: People with coronavirus may experience:

- Fever,
- Flu like symptoms such as coughing, sore throat and fatigue,
- Shortness of breath,
- Loss of smell and loss of taste,
- Muscle pain, joint pain, diarrhoea, nausea/vomiting and loss of appetite

Australia's borders are closed. Only Australian citizens, residents and immediate family members can travel to Australia. Anyone entering or returning to Australia:

- Must observe the mandatory 14-day quarantine requirement at designated facilities as required by the Department of Home Affairs.
- Must contact their Recruitment Solutions Manager/Supervisor IMMEDIATELY

International travel:

- On 24 March 2020, the Prime Minister announced a ban on Australians travelling overseas under the Biosecurity Act 2015. This will help prevent travellers returning to Australia with coronavirus.
- There are limited exceptions, for example to allow people to return home if their normal place of residence is overseas. This process is managed by the Department of Home Affairs and the revised restrictions can be reviewed on their website.

Staff who remain in the "high risk" countries and are unable to return

- Must contact your Recruitment Solutions Manager/Supervisor IMMEDIATELY
- Must observe the mandatory 14-day quarantine requirement on your return to Australia.

Staff who have recently returned from interstate and meet current State Border closure restrictions:

- Must contact your Recruitment Solutions Manager/Supervisor IMMEDIATELY
- Must observe the state border control requirements, other than for seeking individual medical care

COVID-19 Border closures requiring mandatory self-isolation, remain in effect in several Australian states. Emergency and health workers, and essential workers may be considered exempt from some restrictions.

With the recent changes to state border controls we provide the below summary of state websites for review of current restrictions and what exceptions are in place for essential services.

Regional Hotspot Restrictions:

Travel within a state may see restrictions if there are declared 'hotspots' of infection.

Staff are required to:

- Keep informed and observe the lockdown requirements of their locality
- Must contact your Recruitment Solutions Manager/Supervisor IMMEDIATELY if your travel to/from hotspots may impact your work.

It is your responsibility to ensure you have checked the relevant Government advice in the links provided for the most up-to-date information.

The [Healthdirect Australia Restriction Checker](#) has advice on what restrictions are in place in each state and territory across Australia.

NSW: [NSW Government Health:](#)

SA: [SA Health:](#)

VIC: [Victorian Health and Human Services:](#)

ACT: [ACT Government Health:](#)

***WA:** [Western Australia Department of Health:](#)

*** QLD:** [QLD Government:](#)

*** NT:** [Northern Territory Government:](#)

** Indigenous Communities: Government and Community Directions are in place to restrict the movement of people in and out of remote areas. Healthcare staff are required to meet the requirements of the specific local community risk assessment process and permit systems. Restrictions that apply in remote communities is available at: Department of Aboriginal and Torres Strait Islander Partnerships website.*

Facility-based restrictions:

- Certain health services/clients/host employers are implementing restrictions on staff entry requirements, based on the above criteria.
- It is therefore essential that you contact us if you believe your circumstances are within the criteria above.
- Aged Care Facilities must take extra precautions due to the vulnerability of their residents including only accepting staff who have received this year's flu vaccination, unless they have a documented medical contraindication to receiving the vaccine .

Worker Screening:

New candidates and employees will be asked to complete a survey prior to attending an interview, or a new assignment to confirm:

- Any recent international, interstate or regional hotshot travel and two-week self-isolation details
- Not experiencing flu like symptoms
- Any close contact with someone confirmed to have COVID-19

Notification to Host Employers of On-hire Worker with Confirmed Case of COVID19

If an on-hire staff member is confirmed as positive for COVID-19, the staff member must inform Recruitment Solutions as per compliance with this protocol.

Once informed, Recruitment Solutions will, under the direction of the Public Health Unit seek to facilitate notification to host employers/clients, as per their requirements.

Recruitment Solutions will seek the authority from the worker to release this information to at risk host workplaces / clients, as determined by risk assessment of diagnosis and work placement timelines, and as per the direction of the Public Health Unit or Health Department.

Whilst worker consent is also sought, Recruitment Solutions notes there is also an exception under the Privacy Act around disclosure without consent if we reasonably believe the use or disclosure is necessary to lessen or prevent a serious threat to the life, health or safety of any individual, or to public health or safety.
